

EXPLORING PAINT!

USING TECHNOLOGY IN THE CLASSROOM

DESCRIPTION: Students are asked to make a poster using "Paint" for the upcoming mother's day morning tea.

YEAR LEVEL: 3

LESSON DURATION:

45minutes

RESOURCES: Computers, 'Paint' program on each.

LESSON OUTLINE:

- Sit all students in front of an electronic whiteboard with 'Paint' running.
- Teacher goes through the task for the student.
- Teacher shows students examples of how to use 'Paint' and short cuts like the "fill" action.
- Students will then have their turn using the program on whiteboard.

STUDENT ACTIVITY:

- After viewing the presentation on how to use the program, each student can start creating the posters on individual computers.
- Teacher is there to supervise and to answer questions regarding 'Paint'.

LINK TO NEXT LESSON:

Next lesson can then link to making the individual invitations for mothers to attend the morning tea.

Learning Area - English

Strand - Writing, Grammar, Dates, Time
